»Reliable and worth the price.«

Located in the heart of Celje, the hotel is extremely clean and the staff very kind and helpful for whatever need you may have. I did not went for a walk but the place is in the pedestrian area where no cars at all can go. Restaurant very useful in case you do not want to go out! Price excellent, I'll suggest it to everyone.

GUESTS COMMENTS ABOUT HOTEL EVROPA

»Friendly helpful hotel«

Stayed here with friends and had a wonderful stay, the rooms service, location and staff could not have been better. The staff made arrangements for us in advance and helped with transfers etc. The front desk staff also recommended some very good local restaurants which turned out to be superb.

Definitely the best hotel in town. The location is right in the center right where the pedestrian zone begins. The hotel is equipped with every comfort, spacious rooms, maintained, spotlessly clean. The staff helpful and friendly. The breakfast super. Romantic, fascinating because hotel is historical with beautiful energy. Free parking.
